Product information sheet Top Rails

Item no. 235906

Benefits

- The BLANCO Top Rails sit stably on the bowl rim, creating an additional level for holding pots, strainers or dishes.
- Brushed stainless steel combined with dark-grey plastic creates an elegant look that matches stainless-steel bowls and complements SILGRANIT and Velgranit bowls with stainless-steel components - supporting a colour-harmonised BLANCO UNIT.
- Fits all BLANCO sinks and bowls with a 400 mm front-to-back bowl dimension and from 400 mm base units upwards - reducing complexity for retailers and planners.
- The Top Rails can double as a trivet for hot cookware or serve as a discreet drying spot for kitchen cloths — practical benefits that help to communicate added value beyond the bowl itself.
- Food-safe materials and full dishwasher compatibility reduce care-related objections and support long-term use.
- Top Rails are internally tested by BLANCO LABORATORIES GERMANY, fulfilling the BLANCO QUALITY PROMISE and ensuring durable, reliable performance over time.

Scope of supply

- 2 x Top rails 416mm x 60mm
