Product information sheet Orga Shelf 60 H

Item no. 527459

Benefits

- The BLANCO Orga Shelf optimises the sink base cabinet by converting unused upper cabinet space into a functional storage level for frequently accessed kitchen items, supported by precise engineering and UNIT-compatible design for both hinged and pull-out door configurations.
- The slim Orga Shelf installed at the top of the base cabinet provides a defined storage level for frequently used sink-related items such as brushes, sponges and waste bags — contributing to a cleaner, more structured cabinet layout and improved accessibility for daily routines.
- Designed to fit into base cabinets with a width of 600 mm and a hinged door.
- Fast and straightforward installation helps reduce assembly time in the base cabinet, enabled by fewer parts that support an efficient, installer-friendly setup.
- Flexible mounting in base cabinets with hinged doors supports easier positioning of the BLANCO Orga Shelf regardless of the hinge position, made possible by a special adapter that ensures precise alignment during installation.
- Robust aluminium and plastic support long-lasting performance in the base cabinet and provide a durable storage solution that that helps to keep the undersink area organized.
- Smooth surfaces support quick and efficient cleaning of the BLANCO Orga Shelf, with easy-to-reach corners.
- The BLANCO Orga Shelf is designed to integrate well with the BLANCO waste systems SELECT II or FLEXON II, drink.systems and additional organisation products as the Storage Bag XL to support cohesive planning within the UNIT.
- BLANCO Orga Shelfs are internally tested by BLANCO LABORATORIES GERMANY, fulfilling the BLANCO QUALITY PROMISE for durable performance over time.

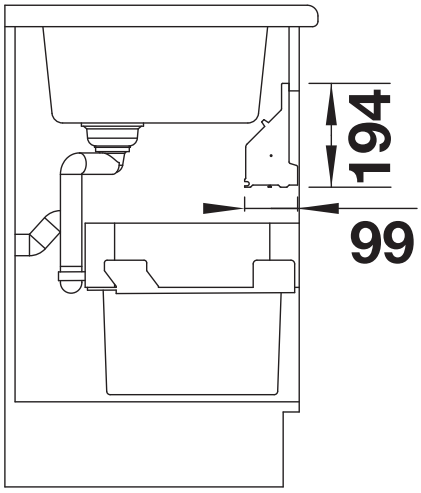

Planning information

- Flexible plastic end caps for the use with cabinet sidewall thicknesses from 16 mm to 19 mm.
- To be installed behind the crossbeam, covering the sink. Flexible height adjustment possible.
- Height adjustment can be restricted by mounting brackets behind the crossbeam.
- Distance between the crossbeam and the sink should be minimum 7 mm.
- Maximum thickness of hinges 30 mm.
- Includes a hinge cover which can be adjusted according to variable height positions of the hinges.
- Universal use regardless if hinges are left or right sided.

Scope of supply

- Aluminium Orga Shelf with plastic end caps and adaptor for hinged doors.
